When the books close,
and the last bell rings,
and carefree days are lost
to mundane things—
When nostalgia strikes,
and your memory wanes,
And you remember the faces
but not the names,
Pick up your Challenger,
leaf it through,
And remember the days
so dear to you.

Dedication

In return for all you have done for us, we wish to give something to you.

You have given us your most precious gift, a part of yourself. You have cared about us when we had trouble, have chided us when we went wrong, and have shown a deep understanding of our desires and aspirations.

With deep gratitude for the help you have given us and the love you have shown us, we dedicate our 1967 Challenger to you, Mr. May.

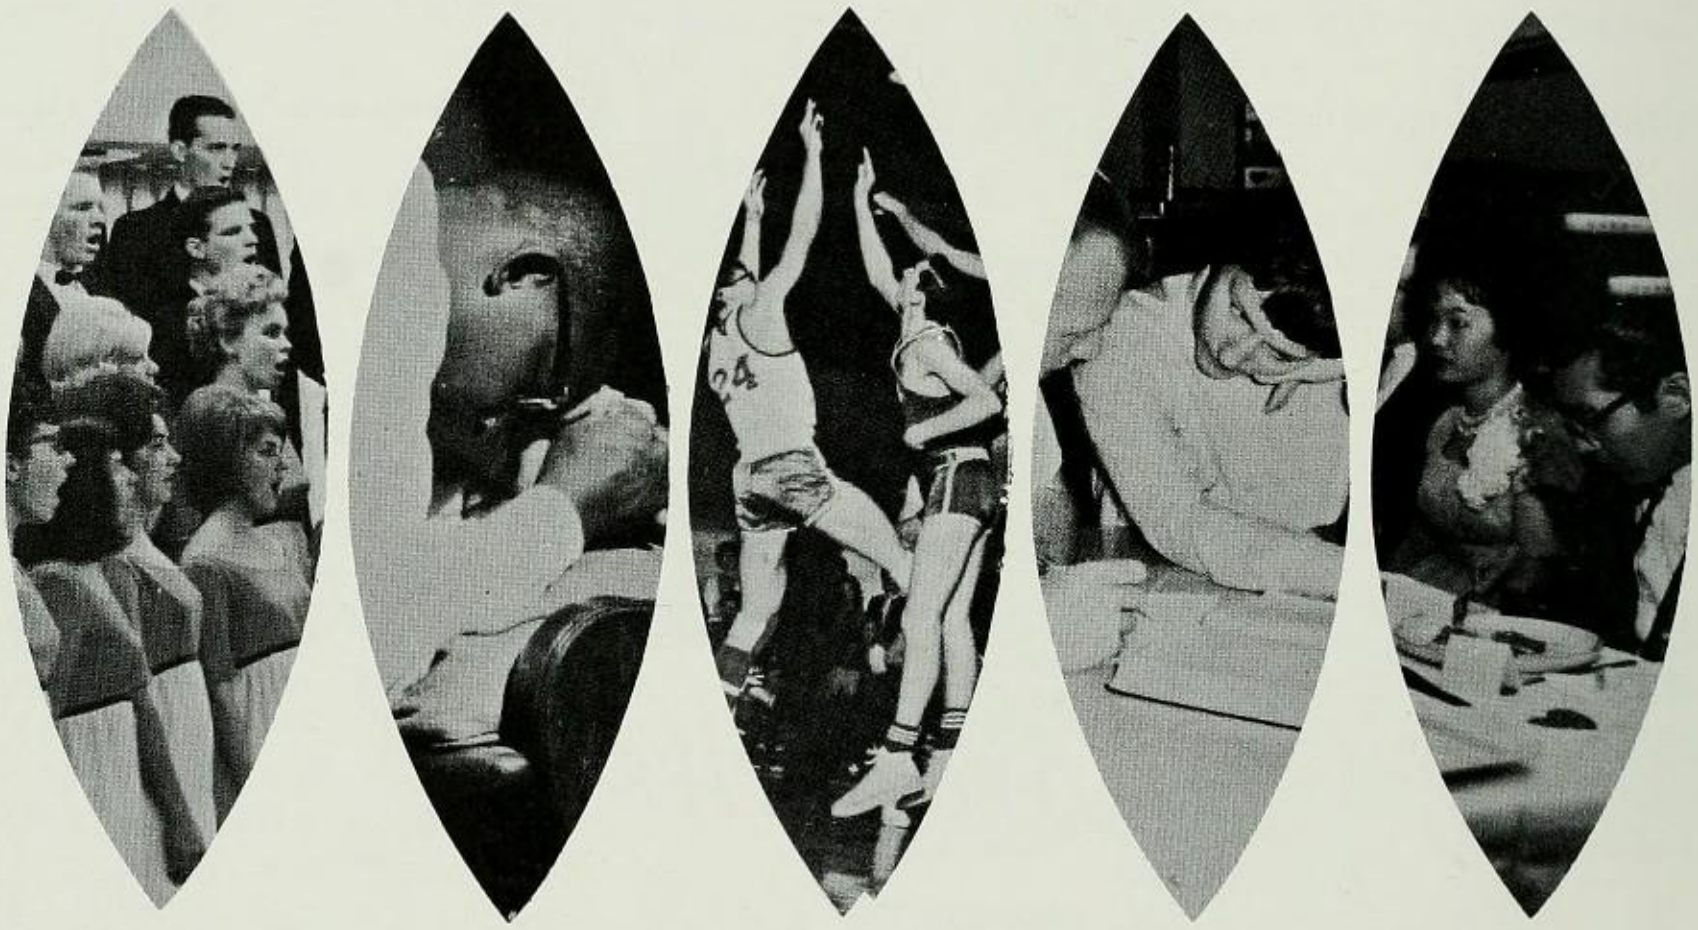
AZUSA PACIFIC



DISCOVER THE DIFFERENCE!

Azusa Pacific College is different! This has been a thrilling discovery for hundreds of students and can be for you! It is different in the relationship of the study of the Bible to the total curriculum. Azusa Pacific believes the Bible should be the integrating factor in the life of a christian college, as it is in the life of the individual Christian. This philosophy is implemented by the central core of Biblical studies, by interdepartmental courses with Biblical emphasis and by total Biblical perspective throughout the curriculum.

Azusa Pacific is different in the student involvement, in Christian life and service. All students participate in active Christian service as a part of their educational experience. This is not only a practical apprenticeship for those entering full time Christian service, but a most valuable asset in preparing young people for effective leadership in their churches.

Azusa Pacific emphasizes spiritual depth with academic integrity. APC is regionally accredited by the Western Association of Schools and Colleges, is professionally accredited through the Accrediting Association of Bible Colleges and is a member of the Association of Independent California Colleges and Universities. It also holds membership in the Council for the Advancement of Small Colleges and the Commission on Higher Education of the National Association of Evangelicals.

Azusa Pacific is a college for **young people who mean business** about getting a Christian education and want to have a good time while at it!

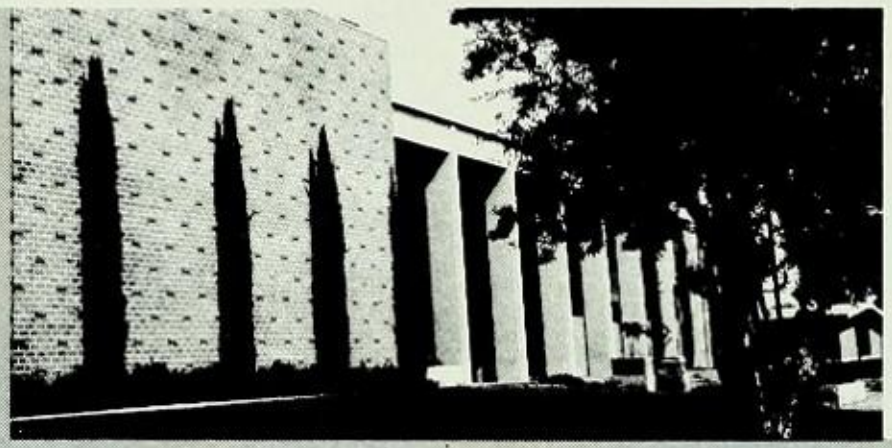
ACADEMIC EXCELLENCE — HIGHEST SPIRITUAL STANDARDS

Approximately 20 majors and programs are available in the six academic divisions. In addition, specialization is also available within certain majors. For example, in history one may select an emphasis in Far Eastern, Western European, American, or Latin American.



Sutherland Hall is one of many major structures on campus. It contains 17 classrooms, faculty and administrative offices, and the 800-seat Ethel Lee Memorial Auditorium.

Dr. William Bass, Chairman of the Humanities Division, received his Ph.D. from the University of Southern California and a B.D. from Fuller Theological Seminary.

Dr. William Bass

Biola College is accredited with the Western Association of Schools and Colleges, and by the Board of Nursing Education and Nurse Registration. In addition, with accreditation through the Collegiate Division of the Accrediting Association of Bible Colleges, Biola students receive from two to three times more Bible and doctrine than most other comparable Christian liberal arts colleges require.
